## Testimonial

We have been very pleased with the products and services we have received, over the past several years, from Bill Evans and Retriever Merchant Services. We could not be more satisfied with the effortless method of processing credit cards and payments. Whenever we need service, Bill is available or has someone available to help us out. We would not choose anyone else to handle our credit card processing. Thank you to Bill and to all of you at Retriever. Keep up the good work!
