

Testimonial Letter

Re: Matthew Johnson

Hello,

This letter is to serve as a positive testimonial to Matthew Johnson and Retriever Medical merchant services.

We are very impressed with the ease of use and the quality of the Retriever merchant services. As the Practice Manager of  we have saved money over the last few months and provided a better experience to our clients than with our previous processor. Matt provided a very fast install and was present every step of the way from installation to questions we had on the program's use.

If you are serious about finding a merchant processor who is tailored to your medical office, you would be hard pressed in looking elsewhere. With the combination of rates and features geared toward the medical professional Retriever stands out as the best choice of all the merchant processors we interviewed for the task.
